four way rocker
timber and rope climbing trail
proposed light post
sandstone boulder edge to define playspace, retain slope & mulch
planted slope
rope climbers up mound
top of mound
base of mound
hand hold divets up mound
steel double slide down mound
four place timber see saw
shade sails & posts

PLAYSPACE INSET

Timber & Rope Climbing Trail

Four Place See Saw

Double Embankment Slide

Four Way Rocker

FRP (Fibre Reinforced Plastic) Footbridge

Drinking Fountain

Bike Rack

Entrance Garden

suspended FRP footbridge over existing drainage swale
regrade turf & provide ag line to direct stormwater to drainage swale
provide grate at low point of path with drainage to existing drainage swale
concrete path to run along oval sideline to link with playspace, cricket nets, multisports court and Scout Hall nominal width 1.2m with 1.8m passing bays
regrade turf & provide ag line to direct stormwater to drainage swale
provide grate at low point of path with drainage to existing drainage swale
handball courts in-front of existing brick wall
existing drainage swale & pit to be cleared BY OTHERS
create entrance to park with concrete surface, park signage, sandstone log seat, bike rack, drinking fountain and planting
relocate existing disabled parking space

EXTENT OF FUTURE WORKS
create secondary entrance with bollards to sides and crossing through carpark
accessible concrete pathway from Allambie Road with grate for overflow drainage

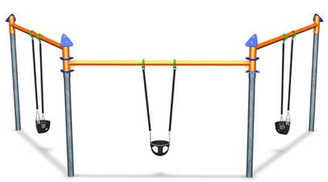
over flow for drainage
shade tree and buffer planting with timber edge to garden bed
sandstone boulder edge to form barrier between play area and existing drainage swale
clear existing concrete drainage swale BY OTHERS
playspace with mound & rubber softfall surface REFER INSET
timber bench platform, shade tree and buffer planting with timber edge to garden bed
turning circle in path with small tree and sandstone log seats
three bay swing on rubber softfall surface with sandstone log seating and buffer planting with timber edge to garden beds
rough squared sandstone seating / balance play
regrade turf to provide fall for drainage
shade tree, sandstone log seat and planting
synthetic grass multisport half court games area concrete kerb edge flush with surfaces
extend existing cricket cage fence

ALLAMBIE SCOUT HALL
AMENITIES BLOCK
CAR PARK
ALLAMBIE ROAD
ROOSEVELT AVE

EXTENT OF FUTURE WORKS
concrete stepping stone path to Scout Hall
additional turning circle in path provides bike circuit for younger children
additional synthetic grass
timber edge and mulched surface for tree preservation and ease of maintenance
mulched surface, sandstone log seating area & potential drinking fountain
concrete path and stairs to top of bank
park signage and low planting with timber edge to garden bed
coir logs, sandstone boulders and planting for bank stabilisation
concrete ramp for bikes

new line markings & hoops for netball courts providing one full-court & one half-court
planting around water meter cage for aesthetics & ease of maintenance
re-align existing telegraph pole vehicle barriers to run parallel with new footpath
turf buffer between carpark & new concrete path
timber edge and mulched zone for planting, tree preservation and ease of maintenance
regrade turf to provide fall for drainage
concrete path with removable bollards for maintenance access
mulched zone for pedestrian access to seating area and maintenance vehicle access
disabled parking space to share access with existing maintenence vehicle access
low level balance play and seating area outdoor classroom for school
play items linking with school side gate
-timber balance stilts
-squared sandstone block steppers
-timber balance log
-create your cubby installation
-sandstone boulder balance edge

existing school gate & path to be retained
play items linking with school side gate



Three Bay Swing

Timber Bench Platform

Multisport Goal

Create Your Own Cubby Frame

Repurposed Bollard Log for Balance Log

Sandstone Block Steppers

Balance Stilts

Low Level Balance Play & Seating Area

FOR DISCUSSION

Rev.	Date	Description	By
B	23/5/19	Future works notated, additional planting and synthetic grass added; path alignment altered, additional trees included and concrete kerb removed at clients request	FT
A	1/5/19	Bollards relocated for Stage 2 carpark crossing and maintenance vehicle entry Sandstone log spectator seating removed from scope at client request Decomposed granite path replaced with mulch at client request	FT
