Collaroy Beach

Proposed Changes To Parking Restrictions

Collaroy's beautiful beach, busy playground, cafes, shops and cinema attract many visitors who compete for parking with commuters in the local Council car parks.

Roads and Maritime Services' (RMS) recent announcement to introduce clearways along Pittwater Road will increase parking demand so Council is seeking community input to proposed carpark changes which seek to balance the needs of all users.

While the introduction of the B-Line has provided improved transportation options for commuters, community feedback tells us the Collaroy Beach Playground carpark is filled with all-day commuter vehicles during the week. This makes it difficult to find a car parking space when stopping for lunch, going to the movies or visiting the beach or playground.

We also know that business operations have changed from the traditional Monday-to-Friday and half-day Saturday to now trading a full seven-day week and into the evening.

Our proposed changes will introduce shorter-term parking in some of the Collaroy car parks so more people can enjoy local attractions and support local businesses.

However, we also recognise it is important to provide commuter parking when it is most needed, so the proposed changes continue to provide all-day parking in the Collaroy Beach commuter carpark Monday to Friday.

We propose changes to parking restrictions in following four areas:

- Area 1: Collaroy Beach commuter carpark
- Area 2: Middle carpark (to the south of The Beach Club Collaroy)
- Area 3: Collaroy Beach Playground carpark
- Area 4: Collaroy Street Council carpark

Proposed changes can be viewed on the information maps.

Have Your Say

We'd like to hear your thoughts on the proposed changes in the Collaroy Beach area.

Have your say online or attend one of our drop-in sessions:

Collaroy Beach Playground Thursday 25 October, 4 - 7pm
 Sunday 28 October, 10am - 1pm
 Thursday 1 November, 4 - 7pm
