Avalon Community Reference Group Workshop No.2

15 November 2018

	Workshop Activity 1
Carefactor Value 1 – Natural Environment and Sustainability	
Questions to CRG	
Have we missed anything?	Reduce speed for the whole village 20/ 30kph
	Council activity to attract private activity
	Council invest in community
	Shop frontage that has a particular look/ feel? Some uniformity
How else can we maintain,	More flower verge beds in village – work with Avalon
improve and increase green	community garden RE. maintenance
spaces and stormwater	Angophora (edu) Bushwalks integration of Aboriginal
channels?	knowledge of land
How else can we ensure	Consider stronger penalties' for residents who poison
environmental sustainability?	trees, supported by tree mapping
	Recycling stations throughout town (including phones/ batteries)
	Council activity – sustainable policies for Avalon Village – solar panel etc.
Challenge is the need for	What population stagnation???
housing diversity and to address population	Low rise = 8.4m
stagnation to ensure village	Unconventional/ small home more affordable housing
atmosphere is retained and	diversity
local businesses sustained.	
Given this challenge what are	
your solutions to achieveing	

housing diversity/	
affordability in low rise	
developments? What in your	
review defines low rise	
development?	
Carefactor Value 2 – Transport	and connectivity
Questions to CRG	
The main options for the intersection is :	Agree to all three intersection options NO OTHERS
Leave as is	Look at the impact of moving the pedestrian crossings
	Need statistics for accidents at the intersection
Pedestrian precinct Old	No roundabout - useless
Barrenjoey Road north from intersection	Roundabout or traffic lights
Intersection	
Traffic calming measures	Block off Old Barrenjoey Road north of Avalon Parade
	Tile a certain section leading in to the intersection to
	calm/slow down (Visual cues)
	Lower speed limit leading into intersection
Public transport	Buses – locally connecting smaller places
improvements – do you think Council should advocate for	Move buses out of Avalon – layby north of Petrol Station
public transport	Roundabout across from Fire Station to allow buses
improvements within the	back south
Avalon Place Plan?	Free hop on/ hop off bus with funky design
	Eco/ electric
	Better management of pedestrian traffic from buses
Time restricted access to	No comments made/collected
northern end of Old	
Barrenjoey Road	
What are your thoughts on	Any increase in car parking will immediately be filled
car accessibility and parking	

which has been identified as	
a contested issue within the	
community?	
What have we missed?	Better all ability access
	Put bike racks on buses (Canberra bus network)- works
	with Manly/ Palm Beach path
	Bike paths and storage
Carefactor Value 3 – Commun	ity connection and culture
Questions to CRG	
What have we missed?	Run photo comp for the preparation of local
	calendar
	Use creative arts space as gathering point for home
	based creative businesses
	Facilities for supporting home based business –
	networking and community
	Use creative arts space to engage young people VR
	game building
	Technology learning centre for youths – VR/AR game
	building/ computer building
	Youth projects run by youth
	Allow for collaboration with youth on all creative arts
	projects Work with Barrenjoey High School to foster
	youth participation
	"No car day" in Avalon like markets but apacial day to
	"No car day" in Avalon like markets but special day to
	increase Pedestrian interaction once a month – use this
	event to capture trading data from local shops over a 6
	month period
	What Population Stagnation???
Carefactor Value 4 – Economie	c Vibrancy

Questions to CRG	
What other events could	More market days (winter) including opportunities for
assist in activating Avalon	food vans and entertainment with a local emphasis.
during the winter and	Deliver economic programs targeted at young people
evenings?	and start-up businesses.
	Deliver entertainment programs in partnership with
	Business/ council
	Dunbar Park is dull – needs to be activated so it can
	support pop up events, festivals movies nights
	Pop up events such as outdoor theatre, performances
	and music
	WHY do music venues have to shut at 10pm
	Empty shops – can we drive rents down by encouraging
	shops to be tenanted or apply penalty if they are not?
	Reduce rents for businesses
	Eating Alleys?
	Winter solstice event
	Price point is an issue – there are NO entry level food
	retailers everything is too expensive (this is an issue for
	youth)
	Council needs to work with Chamber of Commerce to
	help businesses.
	To what extent can council 'intervene' on retail space
	pricing?
	Opportunities - restaurants at night/ night time activities
	these need to be safe low activity = unsafe
	Survey business owner/operators to identify any
	STICKING POINTS in the planning controls blocking
	innovation in economic development

	Supporting people working from home. Hot desks for
	Entrepreneurs to leverage off each other
	Entrepreneurs to leverage on each other
	More night food markets (like Mona Vale every month)
	Distinct signage to laneways
	LEP changes are pivotal to economic development of
	Avalon DO NOT want to be Mona Vale
	Avaion De Not want to be mona vale
	Different style of development Out of the Box thinking
	Shop Vacancies – analysis of retail and commercial
	activity = Data to talk to land lords and negotiate.
	Provide leadership with the landlords
	Festival based night time activations (interesting events
	to capitalise on)
	Create a policy that empty shops must allow for or have
	dressing while finding new tenants
	Use empty shops to support tech/ consultancies
	working from home. Connect consultants to IT,
	Architects etc to do business with each other
Carefactor Value 5 – Cleanlines	s and Maintenance
Questions to CRG	

Questions to CRG	
Have we missed anything?	Avalon is fairly clean
	All ability access – ensure it is maintained
	Agree but do not want to 'sanitise' urban form by being
	too uniform
Carefactor Value 6 – Street De	esign, safety and walkability
Carefactor Value 6 – Street De Questions to CRG	esign, safety and walkability Some deciduous trees summer shade winter sun
Questions to CRG	Some deciduous trees summer shade winter sun

	Native trees would be better to service the local fauna
	Fruit trees? And edible garden beds
What should the revamped	Don't want to create a sanitised urban form by being too
streetscape look like?	uniform

Workshop Activity 2	
Streetscape	
Image Play outcomes	Likes
LANDSCAPE	Diversity – mix of native and deciduous trees
	Increase current plantings
	Robust
	Not twee
	Natural forms
	Natural materials
	Incorporate edible planting/ gardens
	Old Barrenjoey Road – planting appropriate to width of street
	Consider solar access
	Nature attracting plants
	Creating cool spaces/ hip
	Quiet sanctuaries/ meeting places
	Abstract and natural features – material for aesthetic
	approval/ sandstone features
	Organic shapes

Grouped seating benches
Shaded places
Tree canopy/ natural environment
Park benches – casual places to sit
Some seats near bus stops and hubs – casual
Accessible for older people and people with disabilities
Vertical garden opportunities
Opportunities to soften surf club and area down to pool
Potential bbqs/ space restriction?
Dislikes
Don't like boring
No succulents
Consistent with local identity
Low scale planting beds
Not too formal
Not too sanitised
Not too urban
Not too many hard surfaces
No formal edging
Industrial/ concrete look
Clean and contemporary
Styles that date too quickly
'Contrived things' – unnatural colours
Questions

	Where can we these ideas/ site tour investigation?
	How can we incentivise businesses to make the area
	beautiful in terms of landscaping?
Image Play outcomes	Not too formal
STREETSCAPE	Bike racks
ELEMENTS	Seating
	Big flat benches – like North Avalon
	Activate along the channel with attractive stormwater/
	landscaping treatment
	Informal seating
	Picnic tables – less structured, simple design
	New paving – sandstone look but not sandstone
	Allow for innovation and variety
	Built form that encourages activity and movement -
	permeable
Image Play Outcomes	Like
BUILT FORM	Outdoor/ indoor – don't want dated
	Alfresco dining
	Material appropriate to site – robust
	changing regulation – changing to ensure activation
	Diverse/ variety/ eclectic
	Widen/ increase pedestrian area
	Ensure character in the form – looking at colours
	Solar shade in appropriate sites
	Dislike

	reflective glass
	polished surfaces and materials
	not too uniform
	bright lighting – prefer low glare
	no stainless steel
Economic Vibrancy	
Image Play Outcomes	
Village spirit	need to focus on renewing - we give too much weight to cars
	in the main centre and there is a low utilization of public
	spaces
Empty shops	 are a concern (although conversation later indicated surprise at the 6-10% data) Desire for Council to take the lead in this space and negotiate with landlords of empty shops Create a dis-incentive for businesses to leave shops empty
Non-town-centre home based business	 activity provides an opportunity for improving economic vibrancy and achieving stronger community connections Co-working space – provide a meeting/networking space to support home based businesses Networking – benefits for strengthening the local economy – (e.g. Sue Broaden highlighted she recently hired a website

	designer from the Southern Highlands,
	she is sure there are probably people
	locally who could have helped, but she
	didn't have the network)
	 Somewhere for tradies to do their book
	work
	 Mentoring opportunities for youth – highly
	successful creative and professionals in the
	community could be helping young people to
	develop skills & access high-skilled work
	opportunities that might help them to stay living
	locally in the long term
	This taps into building community and vibrancy
Maker Space	- https://www.abc.net.au/news/2018-11-14/brisbane-tool-
	library-opens/10481412
	Use this as a way to engage the local high school, build skills
	& assist creative start-ups with access to equipment,
	promote sustainability (i.e. mending/fixing things)
Activity/Vibrancy in the	ebbs and flows during the day, 9am mums, lull in middle of
town centre	the day, picks up late afternoon but dead after 6pm
Evening Economy	low level of activity, doesn't feel safe, hard to get home late
Focus	at night. RSL thrives by attracting families (play area, cheap
	food), but dead after 8pm
FOCUS	food), but dead after 8pm

Image: Control of the second secon		• Evening Economy Activations – target a small area			
focus on hospitality offerings impost shop owners don't want to be working additional hours (extra cost to hire staff which is unlikely to bring additional shoppers or new sales – not the population to support this) Use screens (like in Chatswood) to feature local film makers – can show same content on repeat so long term impact, not just one night and gives a sense of life in the street Graffiti wall on the drain structures Instagram able' photo opportunities fun and quirky – great way to attract day trippers to Avalon if this is done well! Music Talk to bowling club as they know all the local musicians – have live music on Wednesday night's and Sunday afternoons. Not many complaints from bowling club's music from residents in a laneway – would keep kids entertained while parents enjoy bars & restaurant (low cost & lasts longer than an

Hand down a Skill	Skill development focused event activities – focus on			
	engaging youth, opportunity to engage with Barrenjoey high			
	pass on a skill (i.e. local film makers doing a workshop in the			
	street, artist teaching a technique or tradies building			
	something, astronomer – stargazing nights			
	Previous experience that people were keen to contribute to			
	the arts mapping project, they could get behind this. This			
	would get people interacting with each other, community			
	building.			
Plastic free				
	support local groups			
From the owned				
Event focused	has been successful to date			
activation	 Event at the high school was success Market day makes Avalon a destination 			
	 Market day makes Avaion a destination Discussed opportunity for using a car-free day 			
	as a way to attract visitors. Existing cafés			
	and restaurants could spill out into the street			
	with picnic on the street, or a long lunch.			
	 Provide shuttle busses to bring people in 			
	from other areas (Mosman was			
	suggested)			
	 Colourful, lightweight furniture, greening, 			
	planting, green art, strong theme of			
	environment & upcycling			

Tourism	 Quirky - Chess in the street, hopscotch right down the main street Appetite for day visitors, rather than overnight as there is a lack of accommodation. A way to get more money into the town centre. (I was surprised by how positive the
	 conversation around this was!) Opportunity to get Airbnb to feed information to visitors to encourage them into the town centre
Community Connections	S
Image Play Outcomes - Public Art	Likes Create a space that can change – allow public art to rotate over specified timeframe Events – vibrancy and music Ephemeral art opportunities Festival art event Totems Sculptural form Functional art – benches/ showers Like murals that already exist Stories – connection to our community Sense of Place – celebrate Avalon Abstract/ quirky – indigenous Humour – subtle designs and colour Combine art with vegetation Photo opportunity art Don't do too much Express the unique sense of the space and culture of Avalon Dislikes Cliché' – surfy art thongs etc. Statutes and plaques Landmark sculptures

	Questions			
	Workshop with young people			
	Consider rituals in Avalon before you do anything			
Foreshore Areas	The group were in very strong agreement that the beach foreshore needed a landscape review undertaken to improve			
	the public amenity and aesthetics of the place, particularly in			
	relation to connecting the SLSC building and the rockpool			
	and creating a more usable space for leisure			
	 Use public art to create inspiring gathering spaces 			
	 Use artistic plantings to create canopies of 			
	shade and artistic design to create resting and 'perching' points			
	 Commission artworks that are tactile and 			
	encourage interactivity			
	 Public art should reflect the high value the 			
	community places on the natural environment			
	and prioritise the use of natural organic materials			
	 No sharp edges, curves to reflect the coastal environment 			
	 Perhaps remove the old and tired beachfront 			
	playground to change the use of the space and			
	give public art some room to breathe – but			
	make it fun and safe to climb on for children			
	\circ SLSC is a very harsh building – public art can			
	be used to soften it			
	 Connection to the pool is ugly and needs 			
	rethinking – the path has very high usage by			
	both locals and visitors			
	 Add BBQs - as functional art? 			
	\circ $$ Make the foreshore an event ready space for			
	cultural programs			
	 Soften the surfaces with colour and texture 			
	 No commemorative art, no big sculptures 			

0	Playful, humorous, quirky art that is well-
	integrated into the coastal environment but no
	surfboard art, no dolphin art, no thong or
	budgie-smuggler art
0	Make a space available to replicate the artistic
	'community response' of kamikaze corner –
	where humorous but meaningful pop-ups
	artworks and installations appeared in
	response to local, national and international
	events
0	Create art that is a photographic opportunity –
	Instagram worthy
0	Use public art as an opportunity for multi-
	generational collaborative community art-
	making events – that people can plan to attend
	and participate in
0	Don't have the vibrant murals that are in the
	village on the coast – keep the artwork subtle
	and HIGH QUALITY (this was very important
	hence the caps!)
0	Little Av (South Avalon) headland is a
	gathering place for surfers and young people
	especially – Coast Walk Public Art strategic
	plan has identified it as a potential place for
	integrated public art. However, the table
	members not keen on it as it a place of private
	rituals and should be kept for locals – I would
	suggest this needs further consultation
