Rodborough Road
Wakehurst Parkway
Weardon Road

Killarney Heights

Rathowen Parade
Starkey Street

Wheeler Heights

Kirkstone Road

What we are hearing

- We need footpaths on Starkey Street and Rathowen Parade as children walk to school this way and it is a popular walking/running path. I often see people pushing strollers along the road.
- I am proposing that a pathway be constructed from the end of Salerno St (parallel with the existing dotted path that extends from Loxton Place), past the pylon and then along the back of the Wellman Rd houses to meet up with the path at the end of Fitzpatrick Avenue West. I think that this would be quite a picturesque walk too.
- From Keldie Street down to Salerno Street people including kids have to walk on the road. Very uneven ground which is dangerous and a tripping hazard.
- There is no footpath at all in Towarri Place.
- I'm disabled and a footpath that would connect Hilmer Street, along Fitzpatrick East, to Warringah Road would enable me (and others) to easily access the new hospital, in one direction, and the overbridge to Forestway in the other.

Horning Parade
King Street
Laurie Road
Link Street
Mildred Avenue
Pitt Street
Sunshine Street

Manly

Collins Beach Road
North Harbour Street

What we are hearing

- It is incredibly dangerous to walk down Wonga St because there are no footpaths and cars parked on both sides of the street.
- Footpaths would encourage school children to walk to school at Manly Vale Public School.
- People are forced to walk on the road.
- No safe passage for foot traffic/wheelchair access.
- Path not wide enough for wheel chairs or prams.
- Bangaroo Street is very busy and we need to cross the road to walk up the street.
- There are no footpaths on Taree Avenue although many people use this street to walk to North Balgowlah School.
- Bus commuters and primary aged children are forced to walk on the road amongst many parked cars. It is very dangerous.
- Complete the link between Mackellar Girls and Addiscombe Road.

Loblay Crescent
Raymond Road
(north)
Terama Street
The Outlook
The Serpentine
Wallamatta Road
(south)

Newport

Bungan Head Road
Cheryl Crescent
Crescent Road
Prince Alfred Parade
Queens Parade East

What we are hearing

- There is a dangerous corner on The Serpentine frequented by pedestrians.
- Nobody currently walks along Terama Street. All foot traffic is along Argyle Street even though it is crowded. I know a lot of residents in the area who walk daily along Argyle Street and will continue to do so. Terama Street has a hill plus it's too hot in summer.
- Jenkins Street connecting Pittwater Road to Elimatta Road is very unsafe for pedestrians with trucks coming out of EJ Shaw.
- Elimatta Road usually has parked cars both sides of the road. There is no room on the sides to walk off the road.
- Government Road should have a footpath. Lots of children would walk to Mona Vale Public School if we had proper footpaths and leading up to the school. Safe pedestrian crossing would be appreciated too.
- I like to walk down Riverview Road just down to the Clareville shops. A footpath would make me feel a lot safer.

Dee Why

Carew Street
Monash Parade
Pacific Parade
Pittwater Road

Queenscliff

Bridge Road

What we are hearing

- The northern side of Soldiers Avenue is an essential part of the ongoing project to reinvigorate the Avenue of Honour and provide access to the heritage listed trees and their associated memorial plaques.
- At certain points on Monash Parade you have no choice but to walk on the street.
- All footpaths in Dee Why need to be upgraded as they are uneven and not wide enough.
- The trees along these roads need to be replaced by trees that do not drop itchy flowers that cause discomfort especially in Dee Why Parade as you get closer to the beach.
- Need to have a boardwalk from Dee Why to Long Reef so people can enjoy walking along the coast. Path not wide enough for wheel chairs or prams.
- It is dangerous having to walk on the road.

Warriewood Road
Narrabeen Park Parade
Arnott Crescent

Ingleside

Wilga Street
Powderworks Road

Wheeler Heights

Kirkstone Road

What we are hearing

- School children walk in Narrabeen Park Parade to either Narrabeen North Public School or Narrabeen Sports High School or they walk to catch the buses on Pittwater Road.
- People walk Nareen Parade from the Narrabeen RSL at night when it is dark and it is hard to see them.
- The section of Narrabeen Park Parade behind Turimetta Beach has a lot of pedestrian traffic and there is no footpath on either side of the road.
- Commuters park on Nareen Parade to catch the buses on Pittwater Road so a footpath would take them off the road.
- Add a footpath up Cooleena Road.
