

DESIGN OBJECTIVES

Vision for this innovative playspace upgrade:

- To create opportunities for play for all children to participate in a welcoming setting;
- Theming of playspace and elements based on Plateau Park's radio astronomy heritage including solar system and deep space exploration;
- Provide combination of custom and off-the-shelf play elements offering fun, challenging and educational play experiences;
- Modified playspace footprint to improve integration in park and connections to park facilities.

PLAY ELEMENTS

1. CENTRAL PLAY UNIT

Central play piece and coloured rubber softfall surfacing with 3D-shaped sun, planets and white asteroid belt highlighting path through playspace.

2. ADDITIONAL PLAY UNIT

Design to be developed following consultation.

3. LEARNING SPACE

Proposed blackboard/play panels fixed to internal sides of masonry walling. Also opportunity to collaborate with local school on tile artwork project.

4. COZY COCOON

Proposed inclusive spinning capsule.

5. SWINGING

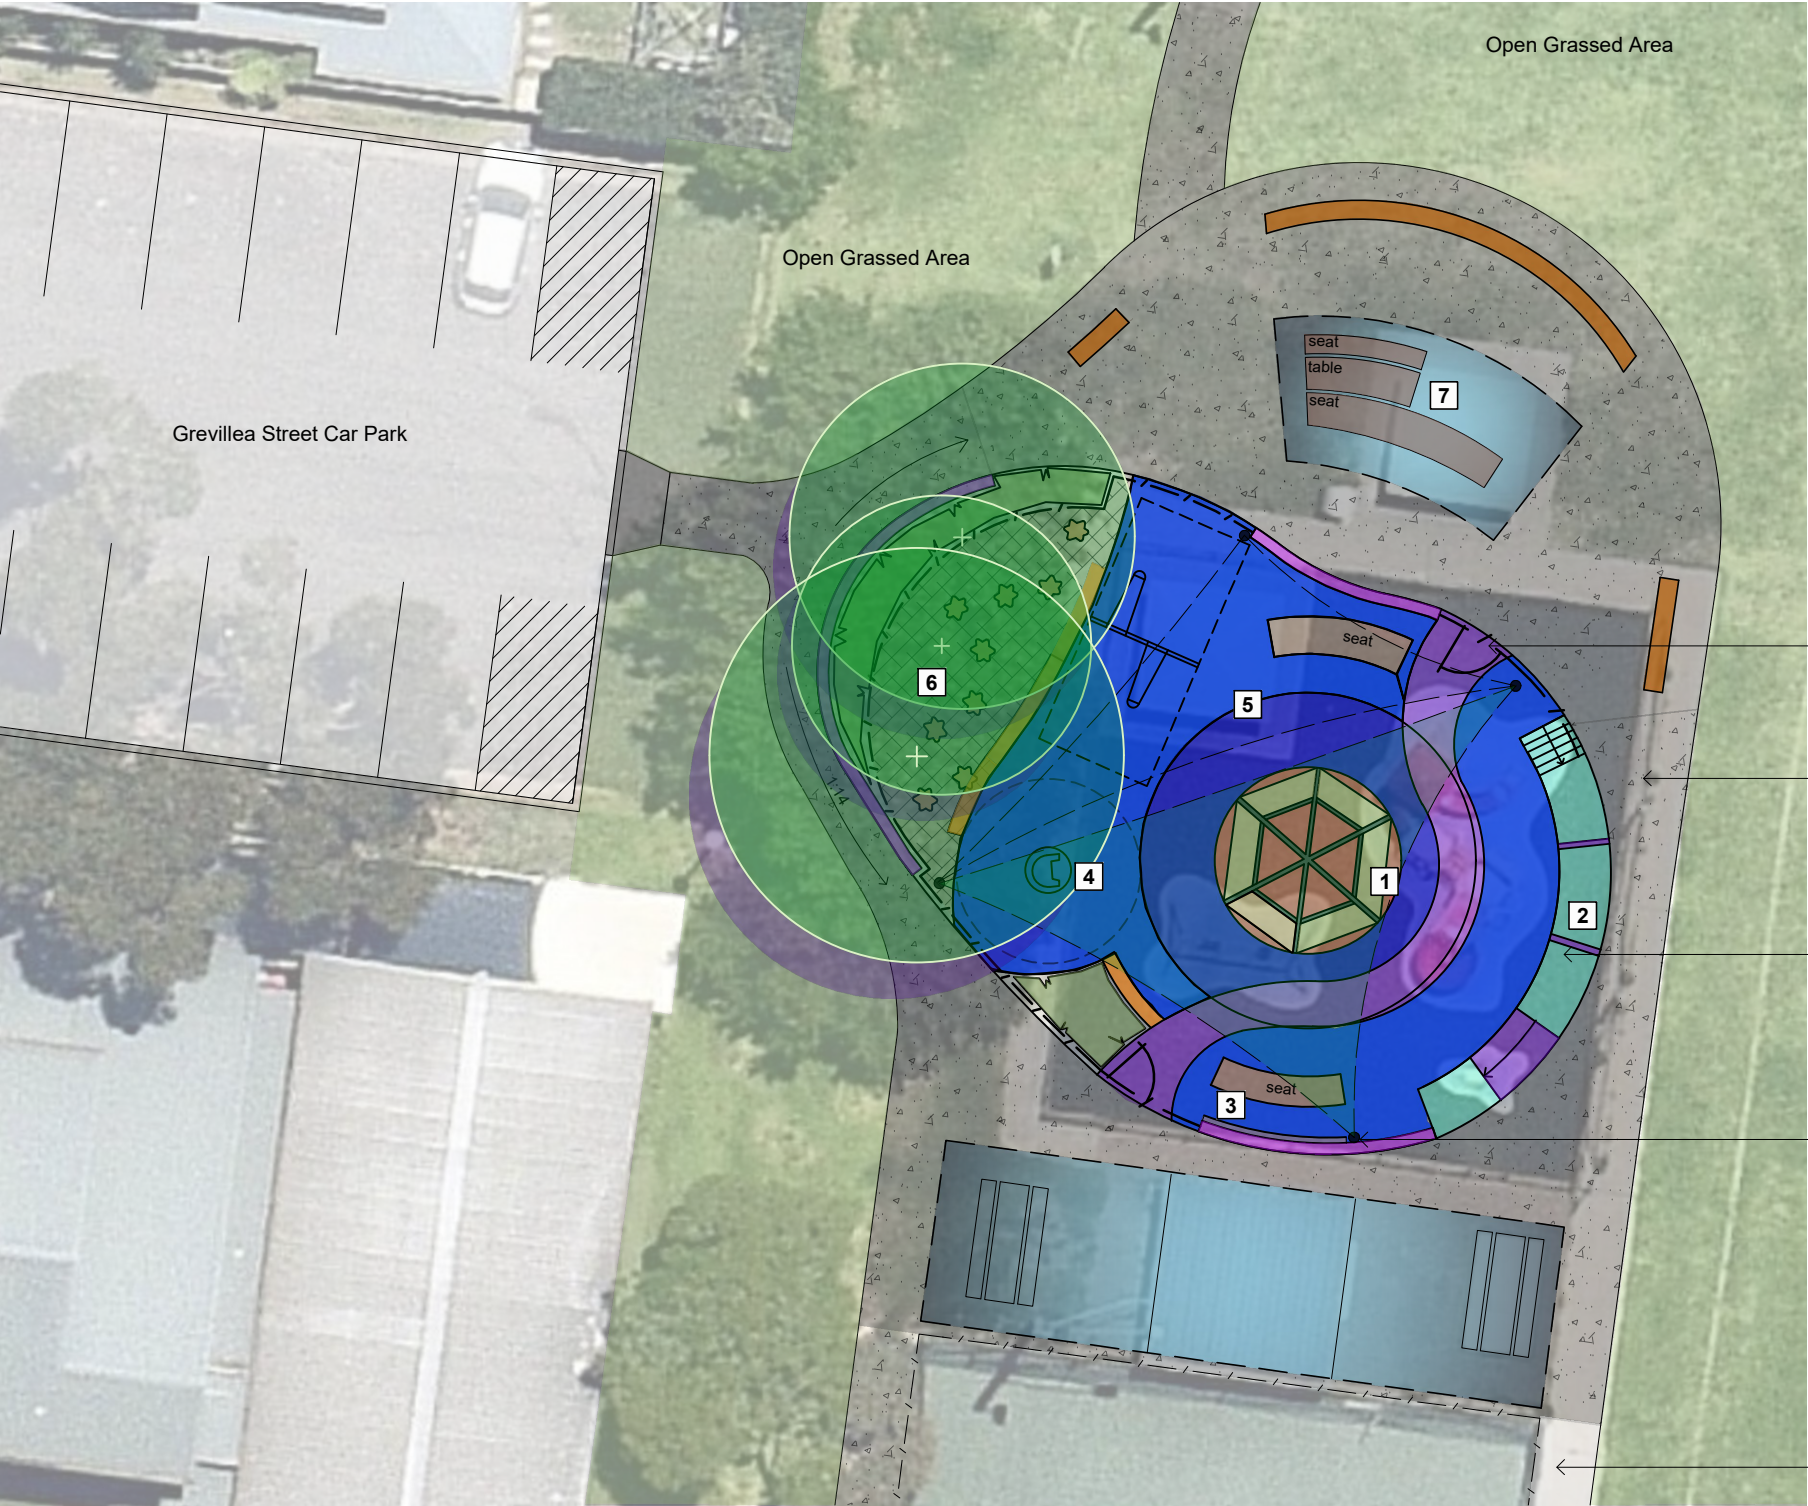

2-bay swing set with inclusive dish seat, toddler and strap seats.

6. SHOOTING STARS

Proposed star-shaped terrazzo stepping stones set in mulch under existing trees.

7. COMMEMORATIVE SHELTER

Bespoke shelter celebrating the distinct history of this site. Additional landscape features such as a picnic setting and seating area will be integrated into the pavement.

LEGEND

- Retain and protect existing trees
- Native garden plantings
- Mulch surfacing
- Pedestrian concrete pathway and paved areas
- Rubber Surfacing
- Coloured Masonry Walling
- Sandstone log seat walls/retaining edges
- Black Metal Fencing
- Timber Seating

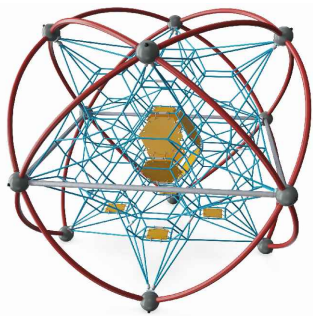

Coloured Metal Gate Entries
Proposed 1.2m high coloured metal entry gates (2), masonry feature wall and black metal fencing to perimeter of playspace

Pedestrian Pathway
Proposed concrete pedestrian pathways and paved surround to playspace

Custom Play Items
A number of additional play pieces to be determined during community consultation

Shade Sails
Proposed shade sails over playspace for sun protection
