

- Proposed Shared Path - 2.5 to 3m wide
- Proposed Shared Path  
(Separate project - approved for construction)
- Safer Road Crossing Treatment  
(Raised pedestrian and cycleway crossing)  
(Proposed, Existing)

### Project Information:

This project is in line with Council's *Move - Northern Beaches Transport Strategy* and has been identified in the *Northern Beaches Bike Plan*. The project will extend the shared path network along the Abbott Road corridor in North Curl Curl by providing a wider path, safer crossings and greater accessibility for our community to walk and ride a bicycle. The project would provide both transport and recreational benefits for the local and wider community.

Following community engagement, the design will be refined and the project will require approval by the Northern Beaches Council Local Traffic Committee prior to construction. The project is currently programmed for construction January to June 2022.

Council has been successful in obtaining funding for this project through the *Federal Stimulus - School Infrastructure Program* to develop safer pedestrian and bicycle routes connecting to Curl Curl North Public School and Northern Beaches Secondary College.

## Proposed Shared Path Abbott Road, North Curl Curl

Concept Plan for Community Engagement - Not to Scale - August 2021

**Existing**  
Abbott Road, North Curl Curl (Reub Hudson Oval)

**Existing**  
Abbott Road, North Curl Curl (Opposite Netball Courts)

**Existing**  
Abbott Road, North Curl Curl (East of Netball Courts)

**Photomontage 1 - Proposed**  
Abbott Road, North Curl Curl (Reub Hudson Oval)  
Refer to location on Concept Plan

**Photomontage 2 - Proposed**  
Abbott Road, North Curl Curl (Opposite Netball Courts)  
Refer to location on Concept Plan

**Photomontage 3 - Proposed**  
Abbott Road, North Curl Curl (East of Netball Courts)  
Refer to location on Concept Plan

## **Proposed Shared Path** **Abbott Road, North Curl Curl**

Concept Photomontage for Community Engagement - August 2021

Note: Concept photomontages are intended to give a visual impression of how the proposal may look within the existing streetscape.

### Safer Crossing Treatment Example

Raised Pedestrian and Cycleway Priority Crossing (Kalinya Street, Newport)

### Safer Crossing Treatment Example

Bent out crossing with refuge (King Street, Newport)

### Safer Crossing Treatment Example

Bent out crossing with kerb extensions (Bishop Street, Newport)

Note: Examples to give an impression of possible safer crossing treatment outcomes.
