

**Project Information:**

- Proposed shared path 2.5m width
- Existing shared path

This project will provide improved transport options for the community in line with Council's Move - *Northern Beaches Transport Strategy* and *Northern Beaches Bike Plan*.

The proposed consists of widening the existing footpaths on Bassett Street and Mona Street to a 2.5m wide shared path. This would provide improved walking accessibility and safe cycling access. The proposal would connect Pittwater High School, Winnererremy Bay and employment areas to the existing safe cycling network on Barrenjoey Rd and Bassett Street (east) providing a continuous safe route to Monavale B-Line and Monavale Beach.

Existing trees would be maintained.

Length of path: 1060m

Typical width of path: 2.5m

**Shared Path - Bassett Street, Monavale**

Concept for Community Engagement
